Map

All courses use the same map at 1:4000 scale with 5m contours.

The map was surveyed by Chris Smithard in December 2019 at ISSprOM specification.

The Legend and Control Descriptions are displayed on the front of the map.

Courses U2 and U3 have a map turn-over.

Mapper's notes on the new ISSprOM specification that competitors may wish to check-out:

- The use of a new multi level paved symbol
- 'Black green' no longer exists and 'dark green' is now forbidden to cross.
- A new passable retaining wall symbol
- Telegraph wires are not mapped

Course Safety

Respect other users of the streets, pavements and parks; pedestrians, cyclists, dog walkers etc. In addition, please exercise caution around any dogs you may encounter on your course.

There are narrow passageways, steps and blind corners in the area. Take care when encountering them and slow down. There may be a car around the corner.

Take care on steps and grassy slopes if icy or wet.

Show courtesy to local residents.

Care should be taken crossing all roads. The speedlimit in Johnshaven is 20mph throughout. Standard Highway Code rules apply. Look before you cross

Entry Details

We will have a small number of extra maps available for each course for entry on the day.
